

Transmission Line Work

Con Edison will begin work on Monday, September 29, to install on First Avenue transmission lines to supply a new substation being built inside the existing East 74th Street Generating Plant. We will provide each week updates on the days, hours and location of work planned for this project during the following week. Below is the first update.

Monday - Friday 10 a.m. - 3 p.m.

Saturday- Sunday 8 a.m. - 4 p.m.

- **First Avenue between 95th and 96th Street – Excavation for a manhole**
