

## IMPORTANT NOTICE

### Intermittent Closures of 94th Street (between Third and Second Avenues)

Beginning on or around February 6th, 2012

In support of the Second Avenue Subway (SAS) project, MTA contractors will begin major underground work on 94th Street between Third Avenue and Second Avenue, beginning Monday, February 6th 2012. This work will require 94th Street, between Third Avenue and Second Avenue, to be closed temporarily due to the size and location of the operation and its proximity to vehicular traffic. The roadway will be reopened at night after daytime construction activities are completed. These intermittent closures will last until fall 2012.

Flaggers will be positioned at 94th Street and Third Avenue to facilitate the flow of traffic and/or pedestrians as appropriate.

**All in-block vehicular traffic can enter at 94th Street at Third Avenue.** A flagger will be posted there to allow vehicles to enter and exit. **Drivers and pedestrians should be aware** that when 94th Street is closed, the street between Second and Third Avenues will be **temporarily two-way**, and drivers and pedestrians should **look both ways**.

For more information on this change, please contact the Community Liaison, Dennis Tierney, at:
