

## VISION 2020 NEW YORK CITY COMPREHENSIVE WATERFRONT PLAN

On October 12<sup>th</sup>, the Department of City Planning presented the [draft recommendations](#) of *Vision 2020: The New York City Comprehensive Waterfront Plan* to a diverse audience of over 250 members of the public, including community activists, government officials, industry representatives, city residents, and many others with a passion for the waterfront. Amanda Burden, NYC Planning Commissioner, welcomed the crowd and spoke of her desire to give planning for the water the same amount of attention as planning for the land. Following the presentation, approximately 40 people testified on a broad range of issues. A full summary is available [here](#). Thank you to all who came and particularly to those who gave written or verbal statements. As with the previous public meetings on Vision 2020, the comments are very helpful as we continue to refine the plan's recommendations.

If you haven't yet, we hope you will take the time to read the [draft recommendations](#) and submit your comments [online](#).

The deadline for public comments on the draft recommendations is 5 p.m. on **Friday, November 12th, 2010**. The final plan is expected to be issued by the end of the year. For more details on the plan and the extensive public process thus far, visit [www.nyc.gov/waterfront](http://www.nyc.gov/waterfront).
