

Good afternoon, everyone.

The parking restrictions noted in the advisory sent on 9/7/10 will not go into effect on September 18, 2010 as previously noted. Although weekend work can be expected to begin 9/11/10, E. 59th St. between 2nd and 3rd Avenues will remain open to traffic on weekends until further notice is given and there will be no project-related weekend parking restrictions.

As a reminder, please be aware that due to project-related equipment storage, beginning on/about September 15, 2010, there will be restricted parking on the north side of East 58th Street between 1st Avenue and Sutton Place. The storage space will occupy approximately 50 linear feet (or approximately 3 parking spaces) of the north side of East 58th Street between 1st Avenue and Sutton Place, starting from approximately 20 feet from 1st Avenue.

Thank you,
Sarah
