Nick called meeting to order at 5:30pm

Nick discussed the request by CB 8 to have a second scoping meeting. Attendees asked questions regarding their concerns over the traffic and construction problems that will arise from the project. There was a request by CB 8 members to have open space made available to the public as a way of the institutions "giving back" to the community. A CB 6 member inquired about the sanitation site use.

Nick announced that the city would grant a second scoping hearing.

Meeting was adjourned at 7:00pm
