With the opening of the Second Avenue Subway and influx of new development on the Upper East Side, zoning and preservation are the two critical tools to help guide reasonable growth. But are you up to speed on the basics?

Join **FRIENDS of the Upper East Side Historic Districts**, the **Municipal Art Society** and planning experts **George Janes** and **Ethel Sheffer** for this vital half-day workshop.

Learn about the different types of zoning, how the Landmarks Preservation Commission works, what “F.A.R.” stands for (and why it needs to change), and more. Perfect for members of block associations, aspiring community board members or anyone interested in helping to plan for the future of the Upper East Side.

This project has been funded in part by a grant from the John E. Streb Fund for New York of the National Trust for Historic Preservation, and support from Council Member Ben Kallos.
