

ATTACK OF THE KILLER MEGATOWERS:

HOW TO PRESERVE QUALITY OF LIFE IN A CHANGING UPPER EAST SIDE

FRIENDS of the UPPER EAST SIDE HISTORIC DISTRICTS

With the opening of the Second Avenue Subway and the influx of new development on the Upper East Side, zoning and preservation are two critical tools to help guide reasonable growth of our neighborhood.

But are you up to speed on the basics? Join **FRIENDS of the Upper East Side Historic Districts**, the **Municipal Art Society**, and urban planning consultants **George Janes** and **Ethel Sheffer** for a crash course on these key factors to our city. Learn about the different types of zoning, how the Landmarks Preservation Commission works, and find out what FAR stands for (and how it should be changed) so that you can become an advocate for our neighborhood. Perfect for those involved in local block associations, aspiring community board members, or anyone interested in helping to plan for the future of New York City.
