- Andrew Ravaschiere spoke on overdevelopment and climate change.
- Mubeen Siddiqui invited the Board and community to a Jazz Band event at Ruppert Park.

2. PUBLIC HEARING: Allowances or conditions that should be necessary to permit a community board member, temporarily through September, to contribute to quorum and vote without being physically present per the updates to Open Meetings Law that passed in the FY 2023 New York State Budget, with the board to discuss at a later date whether or not to adopt such measures on a permanent basis.

WHEREAS the New York State Opens Meetings Law (to which all Community Board meetings are subject) was amended on April 9, 2022; and

WHEREAS the New York Charter mandates Community Boards hold a Full Board meeting in all months except July and August, and both the Full Board and Land Use Committee meetings are mandatory attendance for all members; and

WHEREAS the new provisions permit modified hybrid meetings in which there is a quorum of board members present at one or more specific in-person locations; and

WHEREAS the in-person locations are able to provide for attendance by the public; and

WHEREAS board members are expected to participate in-person unless they are experiencing extraordinary circumstances such as disability, illness, caregiving responsibilities, severe inclement weather, or any other significant or unexpected factor which precludes the member's physical presence at such meeting; and

WHEREAS where a member attends virtually, the name and specific reasons for virtual attendance be noted in the board minutes; and

WHEREAS any members participating virtually cannot be counted toward quorum; and

WHEREAS the member appearing virtually must at all times be continually visible on video with identification; and

WHEREAS a hybrid meeting provides for the public to attend remotely and participate in the public session as those members of the public attending in person; and

WHEREAS a hybrid meeting will utilize technology to permit access by members of the public with disabilities consistent with the 1990 Americans with Disabilities Act (ADA) as amended, and corresponding guidelines; and

WHEREAS notices of hybrid meetings will be identified as such, in addition to listing the physical location(s) where the public can attend, and will provide information as to how the public can participate virtually. The notice will also state where members of the public can locate documents relevant to the matters to considered at the meeting; and

WHEREAS the minutes of hybrid meeting will be posted within the time set forth in Sec. 106 of the POL, (two weeks) and that a transcript of the meeting will be available on request; and

WHEREAS the in-person attendance requirements will not apply during a declared disaster emergency by the state or the city;

THEREFORE BE IT RESOLVED that the Community Board 8 Manhattan will move to hold hybrid Full Board and Land Use Committee meetings for 90 days following the end of the declared disaster emergency orders by New York City and the State of New York, consistent with the rules and regulations outlined by the New York State Open Meetings Law.

LM-1 Item 1 Disapproval

LM-2 Item 1 Substitute Approval

LM-3 Item 2 Unanimous Approval

LM-4 Item 3 Approval

Item 1: 1002 Madison Avenue (Upper East Side Historic District) – Tom Hut presenting for HS2 Architecture – A Neo-Federal style building designed by Cross & Cross and built in 1930-31. Application is for a new street entrance, new elevator bulkhead and repair and restoration of street façade.

Community Board 8 Manhattan voted on a motion to disapprove the application, which failed to pass by a vote of 14 in favor, 26 opposed, 2 abstentions and 0 not voting for cause. A substitute motion was introduced to approve the application as presented:

WHEREAS 1002 Madison Avenue is a neo-Federal style building designed by Cross & Cross and constructed in 1930-31;

WHEREAS Cross & Cross, prolific architects, shaped the street scape and skyline of New York City in the 1920s and 1930s;

WHEREAS among other notable designs, including the Tiffany’s building at 57th Street and Fifth Avenue and the Links Club on East 62nd Street, Cross & Cross designed the building at 1002 Madison Avenue for the Fulton Trust Company in 1930 — its first branch since the bank was established in 1890.

WHEREAS the subdued red brick design incorporates a bust of Robert Fulton at the top of the front elevation;

WHEREAS 1002 Madison Avenue has now been purchased by WHITE CUBE, an art gallery, to replace the HSBC bank branch that was formerly located on the site;

WHEREAS at the front elevation that wood entrance door and the existing fanlight are not original having replaced the historic window and door during an earlier renovation; the mullions on the replaced fanlight are not in the same position as the original mullions;

WHEREAS at the front elevation the applicant proposes to remove the existing fanlight, the wooden entry doors and columns on either side of the doors and replace with larger scaled, more simplified glass steel-framed doors to provide more flexible access into the interior space;

WHEREAS the existing fanlight will be replaced with a fanlight that presents as a single pane of glass;

WHEREAS there will be a white metal lining around the door and around the fanlight to present a “cleaner” look to the new entrance;

WHEREAS at the front elevation at the second floor, the applicant proposes replacing the existing HSBC signage, 10” high white letters will describe the new tenant, WHITE CUBE;

WHEREAS at the front elevation inset near the top of the first floor, there are two small symmetrical historic plaques that refer to Robert Fulton’s bank; HSPC covered them with sheet metal; the applicant proposes to remove the sheet metal and replace with a different historic material;

WHEREAS the applicant proposes to remove the two non-historic sconces from the front elevation;

WHEREAS the applicant proposes to clean and remediate, where needed, the front elevation;

WHEREAS at the rear, the applicant proposes to replace the existing stair bulkhead with a new elevator bulkhead; the new elevator bulkhead will be a little lower than the existing stair bulkhead;

WHEREAS the applicant’s new design for the entrance is a complete departure and changes dramatically Cross & Cross’s original and subsequently modified design for the entrance;

WHEREAS even though the existing doors and fanlight are not historic, their design is contextual and do not significantly differ from the original Cross & Cross design;

WHEREAS the juxtaposition of a modern entrance with the traditional design of the building looks out of place and is not in scale with the rest of the building;

WHEREAS the applicant is to be commended for keeping the image/medallion of Robert Fulton at the top of the building; the other two historic plaques should be left uncovered since they also represent a part of the social history of our city;

THEREFORE, BE IT RESOLVED, that this application is **approved** as presented.

Community Board 8 Manhattan approved this resolution by a vote of 30 in favor, 10 opposed, 2 abstentions and 0 not voting for cause

Item 2: 2 East 88th Street (Expanded Carnegie Hill Historic District) – Steven Harris Architects – An Art Moderne style apartment building designed by Pennington & Lewis, Inc. and constructed in 1929-1930. Application is for alterations at floors 14-16, specifically modifying window openings, masonry repair, recladding

a portion of the 15th floor, and construction of an addition at the 15th floor west terrace and pergola at the 16th-floor rooftop.

WHEREAS the penthouse apartment includes the 14th 15th and 16th floors;

WHEREAS the 14th floor is the top floor of the building prior to the setback for the penthouse structure;

WHEREAS the 14th floor acts as the top of the main structure as it is set above a cornice molding between the 13th and 14th floors;

WHEREAS the penthouse structure, the crown of the building, is an asymmetrical structure that sits on the roof of the fourteenth floor close to the western edge of the building;

WHEREAS the windows on the 14th floor are being replaced with single pane windows similar to the single pane windows that exist;

WHEREAS the penthouse structure has two lower floors that are occupied, and piers and stacks that extend vertically the equivalent of another two floors in height;

WHEREAS the penthouse is made up of the vertical mass and a one-story horizontal extension;

WHEREAS changes have been made to the penthouse over time that include adding infill with brick that does not match the original brick; changing window sizes; and extending windows below the string course, interrupting the element that set a datum integral to the design;

WHEREAS the existing non-historic greenhouse of about 250 square feet will be replaced with a masonry and glass vertical extension at the eastern face of the penthouse structure;

WHEREAS a new exterior stair will be inserted between the 15th and 16th floors adjacent to the new vertical extension of the building replacing the greenhouse;

WHEREAS the new exterior stair will have a brick parapet to match existing masonry;

WHEREAS the string course above the 15th floor has been lowered to recreate the original continuity and to enable taller windows on the 16th floor;

WHEREAS the windows on the 15th and 16th floors have been reconfigured;

WHEREAS the non-historic masonry infill on the southwest corner will be replaced with a glass corner that extends the new window system;

WHEREAS the one-story easterly extension has been visually separated from the main penthouse structure with a cast stone cladding;

WHEREAS the new windows in the easterly extension are the same system as the windows in the main penthouse structure;

WHEREAS all new windows are operable;

WHEREAS the new floor to ceiling windows on the roof of the fourteenth floor, in both the penthouse structure and the easterly extension, include French doors;

WHEREAS the new windows and the French doors on the 15th and 16th floors are multi-pane with bronze frames and mullions;

WHEREAS the new windows on the fourteenth floor will also have bronze frames;

WHEREAS the eastern extension will have a cast stone canopy on the north and east;

WHEREAS a wood pergola and gas fireplace will be built on the roof of the extension;

WHEREAS the railings on the 14th floor and the penthouse structure terraces will be steel railings to match existing;

WHEREAS the guard rails on the top of the extension will be glass;

WHEREAS the screen for the relocated mechanical equipment will be metal;

WHEREAS the bulkhead for the new access stair to the roof will be zinc with standing seams;

WHEREAS the proposed design eliminates infill that did not match the existing masonry;

WHEREAS the proposed design uses a multi-pane glazing system that integrates with the masonry and encloses space without compromising the clarity of the original penthouse structure;

WHEREAS the proposed design creates a composition that seamlessly marries new elements with the original masonry;

WHEREAS the proposed design celebrates the visibility of the penthouse;

WHEREAS the proposed design is appropriate and contextual within the historic district;

THEREFORE, BE IT RESOLVED, that this application is **approved** as presented.

Community Board 8 Manhattan unanimously approved this resolution by a vote of 42 in favor, 0 opposed, 0 abstentions and 0 not voting for cause

Item 3: 105 East 64th Street (Upper East Side Historic District) – *Jason Allen, Workshop DA, Cas Stachelberg, Higgins Quasebarth.* – A rowhouse designed by W. P. & A. M. Parsons built in 1881-1882, and later altered c. 1941. Application is to alter and enlarge the building, including replacing the facades.

WHEREAS 105 East 64th Street is a no-style row house designed by W.P. & A.M. Parsons constructed in 1881-1882 and altered in 1941;

WHEREAS 105 East 64th Street was one of a row of houses at 101 to 113 East 64th Street;

WHEREAS 101 East 64th Street was subsequently demolished to make space for 603 Park Avenue — that Christopher Gray described in a March, 1989 column in the NYT, “...the grandest single family residence in New York...of variegated red brick and decorated with restrained marble detailing...”

WHEREAS 105 East 64th Street now presents as a brownstone coated rowhouse;

WHEREAS the Upper East Side Historic District Designation Report considers 105 East 64th Street a “no-style” building;

WHEREAS the applicant proposes to replace the front and rear elevations and to add a new 6th floor;

WHEREAS there will be a new limestone fronted facade with classically inspired details with a contemporary expression; the base in the tripartite scheme will be heavily rusticated and the entrance will be raised to grade and centered;

WHEREAS the applicant proposes a larger grouping of windows at the second or parlor floor with decorative iron work that presents as a narrow balcony;

WHEREAS the third through fifth floors will have punched windows with some decorative iron work;

WHEREAS the new cornice will be made of sheet metal, very simple in design;

WHEREAS above the cornice, the applicant is utilizing a mansard zinc roof with three dormers with rounded tops

WHEREAS the applicant proposes limestone caps at the party walls and brick on the sidewalls (lot line walls);

WHEREAS at the rear there is an existing 33'5 3/4" rear yard; the applicant proposes to reduce the rear yard to 30' and add a small extension at the 1st through 4th floors creating an additional 1200 sq. ft. of interior space;

WHEREAS at the rear elevation, the proposed mansard roof is set back 14'5"; the mansard will add an additional 10' to the height — the roofing system and parapet will increase the overall height by approximately 4'; 105 East 64th Street will now be 70'6" high from grade to the top of the mansard;

WHEREAS at the rear elevation, the predominant material is brick; a steel window system will be used; the windows will not have divided lights;

WHEREAS the windows will be enframed in limestone - a nice interruption on an otherwise brick facade;

WHEREAS glass balustrades that present as modern will be used at the 3rd, 4th and at the terrace at the 5th floor; there is a setback at the 5th floor that creates space for a terrace;

WHEREAS there is little correlation between the front and rear elevations; the applicant is attempting to combine classical elements with contemporary elements — all the windows are steel framed at both the front and rear elevations as part of this "modernism" vocabulary;

WHEREAS the mansard is an overly "ambitious" solution to a new 6th floor, is very visible from the public way, and is too tall and top heavy for the simpler elevation below it;

WHEREAS the insertion of the mansard with its fussy dormer windows into the roofscape along 64th Street detracts from the restrained elegance of the south facing elevation of 603 Park Avenue (formerly 101 East 64th Street);

WHEREAS the mansard presents as the most important component of the new front elevation; a less "ambitious" solution would be more appropriate within the historic district;

WHEREAS the applicant is to be commended on the beauty of the front elevation up to the new cornice;

THEREFORE, BE IT RESOLVED, that this application is **disapproved** as presented.

f. Voting Reform Task Force – Anthony Cohn and Shari Weiner, Co-Chairs

VR-1 Item 1 Approval

Item 1: NYC Districting Commission’s Map for City Council District 4 and 5

WHEREAS, the New York City Districting Commission (the “Commission”) is in the process of redrawing City Council district boundaries to reflect population and demographic changes; and

WHEREAS, the Commission is seeking public input into the redistricting process from different stakeholders which include Community Board; and

WHEREAS, City Council District 4 (“District 4”) and City Council District 5 (“District 5”) are within the boundaries of Community Board 8 Manhattan (“CB8M”); and

WHEREAS, CB8M Voting Reform Taskforce has been studying the criteria set forth for city council redistricting and has determined that the current configuration of District 4 and District 5 conform to the Commission criteria; and

WHEREAS, District 4 and District 5 have diverse demographics with white, Asian, Hispanic, black and other residents; and

WHEREAS, CB8M believes the current configuration of District 4 and District 5 are appropriate and should be changed as little as possible; and

WHEREAS, Roosevelt Island was created to be part of Manhattan and historically has always been considered and treated as part of the Borough of Manhattan, and it should remain in Manhattan’s City Council District 5.

THEREFORE, BE IT RESOLVED, that CB8M has determined that the current configuration of District 4 and District 5 conform to the districting criteria being used by the Commission and their boundaries, therefore, should be kept intact as much as possible; and

BE IT FURTHER RESOLVED, that Roosevelt Island is historically an integral part of Manhattan and, therefore, should remain in Manhattan’s District 5; and

BE IT FURTHER RESOLVED, that CB8M acknowledges that District 4 and District 5 must experience population loss to bring them to the “Ideal Population” and recommend that this be in the following manner:

1. For District 4 remove blocks from the southern part of the district and add those to City Council District 2.
2. For District 5 removed blocks from the norther part of the district and add those to City Council District 8.

g. Social Justice Committee – Sarah Chu and Saundrea I. Coleman, Co-Chairs

SJ-1 Item 1 Approval

Item 1: Adopting curricular standards that include LGBTQ+ communities

WHEREAS, there has been a dangerous proliferation of laws passed around the country that restrict LGBTQ rights and dignity,

WHEREAS, LGBTQ children experience discrimination, harassment, and bullying because of their sexual, gender, and other intersectional identities,

WHEREAS, research has demonstrated that anti-LGBTQ policies harm the mental health of LGBTQ people and has a serious disparate impact on Black male youth,

WHEREAS, education is one of the upstream tools that lays the foundation for future generations of people who embrace diversity, equity, and inclusion,

WHEREAS, New York City and New York State education policy changes will only impact non-charter public schools and we encourage public charter, religious, and private schools to embrace and adopt similar measures,

BE IT THEREFORE RESOLVED, Community Board 8 Manhattan urges the City of New York and the New York State Education Department to implement the following policies:

1. Adopt curricular standards that include LGBTQ+ communities at the state level, similar to those in CA, CO, IL, OR, NJ, and NV
2. Implement data collection of mental health outcomes, discrimination, bullying, etc. of LGBTQ K-12 students in NYC
3. Encourage use of “Hidden Voices” curriculum supplement in NYC, developed by NYC Department of Education, Museum of the City of New York, the NY Public Library, NY Historical society, and the National Archives
