**Dear Ms. Chambers:**

**Another challenging year for our 92<sup>nd</sup> (94<sup>th</sup> Street as some called it this past season) Street Greenmarket!!**

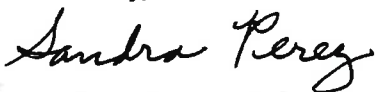

**But now that NYCHA totally lived up to their promise of a speedy roof work plan and the scaffolding that surrounded the two Holmes buildings has been taken down, we're not only looking forward to the market reopening late June 2024 but that it'll return to its long-established and much more convenient site at 92<sup>nd</sup> and First Avenue.**

**And there's no question but that we residents of Holmes Towers completely support this Greenmarket.**

**Last but hardly least, please note that we also very much support compost collection at the market and hope that when 92<sup>nd</sup> Street reopens this year, drop-off bins will move from Asphalt Green to the long established and much more convenient location at the market.**

**Please renew our market and the one at 82nd Street for another year... And request that GrowNYC relocate compost collection to 92<sup>nd</sup> Street for the run of our great Greenmarket's 2024 season.**

**Sincerely,**

**Sandra Perez  
President**

**Dear Ms. Chambers:**

**No question, as the Upper East Side's pioneer 82<sup>nd</sup> Street Greenmarket approaches its 16<sup>th</sup> year at St. Stephen's, it - along with the tad more recent 92<sup>nd</sup> Street Greenmarket and the recently refashioned and renamed Lenox Hill Farmstand - is now among our most valued Upper East Side public assets.**

**But then, Upper East Siders have always valued quality and variety... Especially when that high quality and variety is also affordable by residents of all walks of life.**

**As in many years past, with this letter comes the request that Community Board 8 renew the its permission for renewal of the year round 82<sup>nd</sup> Greenmarket, the seasonal 92<sup>nd</sup> Street Greenmarkest and the year round Lenox Hill Farmstand.**

**And may the powers-that-be respond the many thousands of petition signers and restore the astonishingly successful compost collection that pre-2020 flourished at all three of these Upper East Side sites.**

**With best regards,**

**Sarah Woodside Gallagher**
