Dear Ian McKnight:

We are happy to inform you that an Open Streets location has been provisionally approved in your district. New York City's Open Streets program transforms streets into public space open to all. These transformations allow for a range of activities that promote economic development, support schools, facilitate pedestrian and bike mobility, and provide new ways for New Yorkers to enjoy cultural programming and build community.

This letter serves as formal notification that the following location has received provisional approval by NYC DOT and its city agency partners to participate in the Open Streets program. The final phase of the approval process includes an opportunity for community input and public comment. A 45-day public notification period, beginning on the date indicated at the top of this notice, has been designated to receive feedback. We welcome your insight and input as local stakeholders.

The Open Street is located on EAST 92 STREET from 5 AVENUE to MADISON AVENUE and operates on the dates, days, and times listed in the tables below. It is a Full Closure: Schools type of Open Street. The Department of Transportation will work with NIGHTINGALE BAMFORD SCHOOL, the agency's community partner, on the safe and successful execution of this Open Street location.
